CONOWINGO, MARYLAND — West Cecil Health Center is proud to announce the addition of Katrina Belarmino, LCSW-C, to the Behavioral Health provider team. With nearly a decade of clinical and leadership experience in mental health and social services, Ms. Belarmino brings a wealth of knowledge and compassionate care to WCHC's growing behavioral health program.

"Katrina's commitment to evidence-based care and her experience across the lifespan—especially with older adults and individuals with complex psychiatric needs—make her a strong asset to the WCHC team," said Dr. Margaret Webb, Director of Behavioral Health at WCHC. "We are excited to welcome her as we continue expanding access to high-quality behavioral health services in our community."

Ms. Belarmino holds a Master of Social Work with a concentration in Public Child Welfare from Arizona State University. Her clinical work has spanned outpatient and inpatient settings, including roles at MedStar Accountable Care, Bloom Health Centers, Advanced Behavioral Health, and Haven Behavioral Health. She has extensive experience conducting psychosocial assessments, facilitating individual and family therapy, and developing client-centered treatment plans rooted in evidence-based practices.

"On behalf of West Cecil Health Center, we're pleased to welcome Katrina to our Behavioral Health team," stated John Ness, CEO of WCHC. "Katrina's addition will help us move patients into care more quickly. While our therapy waitlist remains substantial and we're not yet accepting new therapy patients, this is an important step toward expanding access and meeting our community's growing behavioral health needs."

****About West Cecil Health Center****

West Cecil Health Center is a community-focused healthcare provider offering a wide range of services, including primary care, dental care, behavioral health, vision services, and more. As a Federally Qualified Health Center, WCHC is dedicated to improving the health of the communities it serves by providing accessible, high-quality healthcare to everyone, regardless of ability to pay.
